Objectives of the conference

The main aim of this Final Conference is to bring together managers, academics and researchers from Higher Education Institutions (HEIs) and Research Institutes, Research and Innovation (R&I) authorities, relevant stakeholders and representative from the private sector in order to encourage a **discussion on challenges and strengths of R&I management and implementation in Vietnam.**

A **discussion on possible improvements and strategy for R&I management at national and institutional levels** will be fostered via the implementation of a **Round Table.**

The **specific objectives** of this conference are the following:

- to present the ENHANCE project and its main outcomes.
- to deliver the ENHANCE National Needs Analysis Report: "Research and Innovation Management and Implementation in Vietnam"
- to deliver the ENHANCE White paper: "Recommendations towards the improvement of R&I management and implementation in Vietnam"
- to officially present the ENHANCE Network on R&I Units, to promote its enlargement.

As a result of this event, recommendations towards the improvement of R&I management and implementation in Vietnam will be provided. Furthermore, dialogue among HE authorities and HE community, mutual understanding and exchange of ideas and proposal for improvement of legislation on R&I, and better management and implementation at HEI level will be fostered.

ENHANCE

Launched in October 2015, "strEngthening National researchH And iNnovation Capacities in viEtNAM – ENHANCE" is an Erasmus+ project (project number 561749-EPP-1-2015-1-ES-EPPKA2-CBHE-SP) funded by the European Commission which aims to strengthen capacities of the Vietnamese higher education system by promoting effective research and innovation management and implementation via:

- building human capacities in Research and Innovation Management and Implementation by means of a targeted training programme.
