3<sup>rd</sup> National Workshop

“Intellectual Property and Technology Transfer of  
University-based Research”

Venue: Conference Room, Learning Resource Centre

Thai Nguyen University, Thai Nguyen, Vietnam

16<sup>th</sup> March, 2018

Co-funded by the  
Erasmus+ Programme  
of the European Union

**TARGET:** The 3<sup>rd</sup> ENHANCE National Workshop will bring together managers, researchers and academics from partners and non-partners Higher Education Institutions (HEIs), Research Institutes, Science and Technology (S&T) authorities, representatives from the private sector and relevant stakeholders in Vietnam.

**AIM:** To boost the economic growth in Vietnam, the 3<sup>rd</sup> National Workshop on “Intellectual Property and Technology Transfer of University-based Research” will be conducted to deliberate the possible approaches in transferring result of University-based research studies to industry and to discuss approaches for the identification of valuable practice of intellectual property. In this way, links and cooperation will be built up between university-based research groups and industry. The 3<sup>rd</sup> National workshop is also an appropriate time for the R&I Units at VIET HEIs to impart experiences in innovation technology to industry.

Specifically, the 3<sup>rd</sup> ENHANCE National Workshop will be conducted to foster a dialogue among participants regarding profitable and effective procedure of intellectual property tools and technology transfer from the university-based research groups to the society.

#### **EXPECTED RESULTS:**

- Be familiar with the experiences on intellectual property and technology transfer from VIET and EU HEIs and private companies;
- Understand the process by which technology transfer flow from the research result workbench to business entities as offshoot industry ; and
- Relevant conclusions drafted after the National Workshop.
